

The Westgate is a Non-Smoking Facility. Smoking is permitted in the designated smoking area by the gazebo.

Yosemite National Park

Yosemite National Park was established in 1890 and is an UNESCO World Heritage Site. This crown jewel of the National Park System draws nearly 5 million visitors annually. Early Spring is an ideal time to visit to avoid the large Summer crowds and to experience the blooming wildflowers and booming waterfalls. The many waterfalls persist through most of the Summer with the more prominent Falls slowing to a trickle by August. Yosemite is breathtaking year-round and is especially beautiful during the thick of the winter, when the peaks are snowcapped and The Valley comes to a frozen still. We welcome you to this special place and hope you have a wonderful stay that is full of memories. Enjoy your #YosemiteExperience!
